b. Council Member Comments and Concerns

- Sea level rise and shoreline issues.
- Prioritize the issues described in the slides.
- Are there any simple, identifiable, tactical things that we can do to support the Supervisors office(Ray Mueller)
- The council would like to see representation of the mid coast separate from Half Moon Bay, we are not part of the city, and our only funding is dependent upon the county.
- There are concerns regarding mob voices ruling the Board of Supervisors.
- Sports, Theater and the Arts should be fully funded.
- The Council needs to continue to concentrate on building our credibility and our visibility in the community. Defining priorities for other people to build programs on. Council would oversee the programs, making sure that they're what we need.
- Be very selective with large projects.
- Leadership and leadership development.
- Preserving the rural character of the coast side.
- Pedestrian underpasses

3. (8:30) Communications Protocol - Working with the County and Ourselves

- The county would like to see the MCC prioritize its list of project requests.
- We don't have a good answer for tracking and logging issues.
- Any council member can come forward and suggest an agenda item . The chair theoretically gets to decide if it will be on the agenda, but this is a collegial effort.
- Outreach to the community needs to be prioritized. Establishing an MCC newsletter would increase the Council's visibility.
